TECHNICAL SKILLS

HTML / CSS	89%
JavaScript	84%
Python	80%
MySQL	85%
C++	70%
Kotlin	50%

LANGUAGES

English	Fluent
Swahili	Conversational

Open to internships, entry-level software engineering roles, and collaborative technology projects.

PROFESSIONAL PROFILE

Detail-oriented Software Engineering student at Zetech University with practical experience building full-stack web applications, relational database systems, interactive interfaces, and application prototypes. Strong foundation in object-oriented programming, API workflows, UI/UX design, and problem solving, with a commitment to clean, maintainable code.

EDUCATION

- Bachelor of Science in Software Engineering**
Zetech University, Ruiru, Kenya | 2024 - 2027 (Ongoing)

Coursework includes object-oriented programming, database systems, web application architecture, data structures and algorithms, and software testing.

SELECTED PROJECTS

BimaFast

Full-stack insurance platform repository showcasing structured web workflows, responsive UI, and practical application development.

JavaScript · MySQL · HTML/CSS

[View BimaFast repository](#)

Online Local Thrift Shop Management System

Full-stack online thrift platform with admin authentication, inventory management, sales tracking, and responsive customer workflows.

JavaScript · MySQL · HTML/CSS · Authentication

[View project repositories](#)

KDMS Emergency Dispatch System

Emergency dispatch prototype with structured API workflows and AI-assisted alert simulation.

Python · FastAPI · React

[View KDMS repository](#)

Personal Portfolio Website

Responsive portfolio website demonstrating front-end design, visual hierarchy, project presentation, and accessible navigation.

HTML5 · CSS3 · JavaScript · UI/UX

CERTIFICATIONS

Certificate in UX/UI Design

YMCA Kenya, Nairobi | 2024

User research, wireframing, interactive prototyping, visual hierarchy, colour theory, and accessibility-focused interface design.

Certificate of Computer Applications

Kenya Institute of Management, Nairobi | 2024

Computer applications, office productivity suites, document management, and foundational IT operations.

Introduction to IoT and Digital Transformation

Cisco Networking Academy | Certificate available in portfolio

CORE STRENGTHS

Analytical thinking · Team collaboration · Leadership · Attention to detail · User-centred design · Continuous learning
